

Container

Status

Condition: Protected
 SeaDry: Strip
 Humidity Status: < 50 %

Even distribution
 also in confined spaces

With adhesive strip, enables
 attachment in containers without
 lashing eyes, e.g. reefers

- ✓ desiccant chain to be attached to cargo, container walls, or dunnage
- ✓ individual product specifications (length, weight, amount of drying agent) possible upon request

Product Specifications:

Name:	SeaDry Strip
Item Number:	626.006
Absorption Capacity:	Water absorption > 1.5 litres*
Agents:	750g drying agent, made from salt (CaCl ₂) and modified starch**
Design:	Several connected chambers forming a desiccant chain; special non-tear membrane is permeable to water vapour
Total Weight:	0.84kg
Measurements:	1,150 x 165 x 25 mm
Packaging:	18 pieces in airtight packaging; packed in cardboard box
Disposal:	Normal commercial waste

* at 23° C and 80% relative humidity

** All ingredients are compliant with REACH.

Application:

SeaDry keeps your cargo dry!

SeaDry offers sustainable benefits:

- ✓ no moisture-related damage to cargo; therefore no complaints
- ✓ unimpeded customs clearance in the country of destination due to mould-free cargo
- ✓ small number of pieces per container required, resulting in low labour and disposal costs

SeaDry provides effective long-term protection against moisture, especially for shipping cargo by sea.

SeaDry is a high performance desiccant, developed to reduce relative humidity within the freight container to a noncritical level.

By lowering the relative humidity, SeaDry minimises the risk of condensation, thus prevents moisture related damage to cargo and packing material.

SeaDry prevents:

Mould

Corrosion

Sodden packaging

Detached labels

Changes in odour and taste

Through the perfectly matched ingredients in SeaDry, the absorbed moisture gels immediately and is never present as liquid.

The efficacy of ThoMar's SeaDry products has been tested and confirmed independently and under real operating conditions. SeaDry has been classified as suitable for indirect food contact in long-term storage.

THE THOMAR GUARANTEE:

- ✓ Certified quality
- ✓ Delivery directly ex factory
- ✓ Process consulting
- ✓ Long-term profitability

Get in touch with us, and make use of our years of experience!

SeaDry keeps your cargo dry – also in your individual case of application.
